A CLOSER LOOK:
At The Kitchen

The gym kitchen is one of the most heavily used spaces on our campus and it shows. Everything from Harvest Dinners to Waffle Time has come out of that work space, not to mention weekly Sunday night Community of Needs meals that have served up to 100 people at a time. The kitchen has served us well for almost 60 years, but it is no longer an efficient or pleasant work environment. Please consider the needs of the kitchen.

Financial Goal for *Here We Stand . . . Too!*

Some looked at our goal of \$1.5 million and said it cannot be done...and now the estimate is \$2.5 million. But we are already well on our way. We have almost \$500,000 committed and about \$300,000 of that has already been given! We are well on our way to something really special. Be part of it!
