

HERE WE STAND... TOO!

While the amounts of money and pledges change every day as more arrive, here are the most recent totals:

As of Sunday, October 29, 2017 –

Total Pledges and Gifts = \$975,186

As of Wednesday, November 1, 2017 –

Total Pledges and Gifts = \$1,050,545

Included in those totals are pledges of \$2,268 from our youngest generation.

We praise God that a little more than \$1,000,000 has been committed to the campaign project and about \$500,000 of that commitment is already in hand. Yet, we realize the projected cost to fund the entire project is \$2,500,000. So what do we do?

There are two things we need to learn in this process—the importance of ALL of us working together and that we must lean on God for success, not ourselves. Often throughout the history of God’s people, where those watching saw defeat, God brought victory. Praise God as we move forward, trusting Him for direction and completion.
