

2018-2019 Tuition and Scholarship Schedule

Overview

The total cost for one child's education at Trinity is around \$5000. Every family is receiving financial support from Trinity Lutheran Church because we do not charge the full tuition amount needed to cover your child's Christian education. Trinity Lutheran Church continues its investment in your child's Christian education in the form of scholarships for members and community members alike.

- Families who pay their tuition in full by August 15 will receive a 5% discount.
- Current Trinity families are eligible to participate in the Enrollment Incentive Program. See details below.

***Additional scholarships** are granted based on family financial need. Application information is available in the school office. All applications for current students must be submitted on line to FACTS by **APRIL 30**. You may access this at <https://online.facts.mgt.com/signin/3YHYM> or through Fast Direct. On Fast Direct 'links' page you will find the financial aid access. Scholarship funding may not be available for those applying after the April 30 deadline.
