TRINITY LUTHERAN HISTORY IN BRIEF Page 45

PURPOSE OF TRINITY LUTHERAN SCHOOL

Preface

Trinity Lutheran Church welcomes you to our school in the name of Jesus Christ, our Savior. It is the purpose of this handbook to acquaint you with the operation, program, and policies of Trinity Lutheran School. All who enroll in Trinity Lutheran School, agree automatically to the conditions set forth in this handbook. I understand that this Handbook does not contractually bind Trinity Lutheran and is subject to change without notice by decision of Trinity Lutheran's governing body. We ask that you read it carefully and help your children understand the significance of the information it contains.

Strengthen families through caring relationships to

Impact the world with acts of service

Vision

We prepare Christian leaders for today and tomorrow

We partner with parents to equip students for a successful future

Core Values of Trinity Lutheran Church

1. **God's Word is Authoritative**
 - a. The Bible is our lifeline to the truth of life & life in Jesus.
2. **Families are the heart of ministry**
 - a. Our primary goal must be to strengthen each family unit.
3. **We are the Body of Christ**
 - a. We CANNOT give up on each other--In Christ we are ONE.
4. **Our Desire is for all to know life in Jesus**
 - a. It is not enough to share the gospel--we must seek to reach the lost with God's love.
5. **Worship: It's who we are.**
 - a. To gather with brothers/sisters in Christ to honor God is a great privilege--not a burden.

What Will They Teach My Child? (At a Lutheran School)

Lutheran schools are known for their academic quality and for their ability to aid moral development. They are religious schools, which include daily teaching about religion and integrate religious beliefs into everything that they teach. Many parents of children in Lutheran schools or who are considering enrolling their child wonder, "What will they teach my child at a Lutheran school about religion?"

LUTHERAN SCHOOLS TEACH WHAT LUTHERANS BELIEVE.

They believe:

- ...That the Bible is the source and basis for their beliefs.
- ...That all people and all faiths are to be shown respect.
- ...That only through faith in Jesus Christ can people be saved.

LUTHERAN SCHOOLS TEACH ABOUT GOD.

God is:

- ...The almighty, loving Creator of everything and everyone.
- ...One God, but three equal persons (Triune).
- ...A Judge who requires us to fulfill His Law perfectly.
- ...A Savior who died for our sins and arose from the dead.
- ...A Sanctifier who gives us faith through His Word and Sacraments.
- ...The Author of the Bible who inspired men to write every word as He directed.
- ...Described in His true, errorless, unchanging Word (the Bible).
- ...Love. He loves all people perfectly, in spite of how they may act.

LUTHERAN SCHOOLS TEACH ABOUT PEOPLE.

People are:

- ...Created individually and specially by God.
- ...Loved always and completely by God.
- ...Required by God to obey His law perfectly.
- ...Unable to obey God perfectly (everyone sins).
- ...Saved from hell by Christ's sacrifice.
- ...Unable to earn God's favor or forgiveness.
- ...Brought to saving faith by the Holy Spirit and given eternal life in Heaven.
- ...Condemned to eternal suffering if they do not have faith in Christ.
- ...Given forgiveness of sins and eternal life through Baptism and the Lord's Supper (Holy Communion).
- ...Motivated by God's love to love all other people and serve God.
- ...Eager to share the good news (Gospel of God's great love for all).

Many children are led, by the Holy Spirit, to believe what is taught in a Lutheran school. It is helpful for parents to know what they learn. Many parents also want to learn more about the church that values children and their Christian education so much that they sponsor a Lutheran school.

The best way to learn what Lutherans believe and what Lutheran schools teach is to attend an information class at the congregation which sponsors the school. Contact the school administrator or congregation's pastor to learn more about such a class.

Administration of the School

1. The Administrative Pastor is charged with the administration of all operations of Trinity Lutheran Church, including Trinity Lutheran School.
2. The Principal is charged to assist the Administrative Pastor by administrating and managing the operations of Trinity Lutheran School.
3. The Principal serves as the executive director, who with the help of the Pastor and Faculty, implements changes and policies for the improvement and welfare of the school.
4. The Principal sees to it that all policies are carried out.

Accreditation

Trinity Lutheran School is accredited by National Lutheran Schools Accreditation (NLSA) of the Lutheran Church Missouri Synod and also the Michigan Association of Non-Public Schools (MANS). Annual reviews of accreditation documentation are submitted to the MI District NLSA Accreditation Commission. The accreditation is based on a five-year cycle.

In common with the public schools, Trinity Lutheran School, as well as all Lutheran Schools, seeks to achieve the objectiveness of general education. Measured by the results of achievement tests and by later success in high school and college, these general objectives are achieved by the graduates of our Lutheran School. From the general educational viewpoint, therefore, Trinity School compares very favorably with the public schools of our city and county.

Trinity is administered according to the State of Michigan's required standards of elementary education. Teaching personnel are certified by the State of Michigan. Qualified Christian teachers integrate the faith within a prescribed course of study leading to entrance into high school.

Trinity Lutheran School exists for the purpose of supplying a Christian education. The Christian realizes the need of God in education.

Exceptions to this rule will be under the discretion of the principal and/or athletic director.

*** Policy for Admission and Enrollment**

1. Trinity Lutheran School admits students of any race, color national and ethnic origin to all the rights, privileges, programs and activities generally accorded or made available to students at the school. It does not discriminate on the basis of race, color, national and ethnic origin in administration of its educational policies, admissions policies, scholarships, athletics and other school administered programs.
2. Admission to the school is a privilege, not a right, and admission for one school year does not guarantee automatic admission for future school years. The services of the school are engaged by mutual consent, and either the school or parents reserve the right to terminate any or all services at any time.
3. A **Contract for Admission and Tuition Commitment** is to be signed by parents at registration.
4. Re-enrollment will be held in April to determine enrollment for the following year. A letter will be mailed to each family with a child in school outlining the tuition amounts. The deadline for re-enrollment is April 30. Each family desiring to enroll a child for the coming school year is required to re-enroll this child by paying the designated re-enrollment fee by that date. The School Office will contact families not responding.
5. No student will be enrolled if there are outstanding financial obligations to the Day School. Individual requests for the waiver of this policy may be brought before the Principal for review and reported to the administrative pastor.
6. Full-day Kindergarten is offered. A full time aide will be provided when a session exceeds sixteen (16) students.
7. The employment of teacher aides will be used if necessary.
8. Class size for grades kindergarten through eighth is to be limited to no more than thirty (30) students. Called ministers and faculty members of the day school may necessitate a class size beyond thirty (30) students. The Administrative Pastor must approve other requests for a waiver to this policy.
9. The school office will maintain lists of the names of applicants wishing to be accepted as students of Trinity Lutheran School. Applicants from member and non-member families are to be recorded by date of application on a perpetual list beginning the 1st day of school in a calendar year. Members have priority over non-members regardless of the date of application. An applicant as a non-member, that becomes a member, will be transferred to the member application list with the

effective date of membership in Trinity Lutheran Church.

10. To enter the Early Childhood Program a pupil must attain the age of three (3) for the Preschool 3-Year Old program, or four (4) years for the Pre-Kindergarten 4-Year Old program, before September 1st, of that school year and be independently potty trained. To enter kindergarten a pupil must attain the age of five (5) years before September 1st, of that school year. Parents requesting to start children before the September 1st birthday requirement will be given consideration with consultation from the principal/teacher.
11. All children who have attended school previous to enrolling at Trinity Lutheran School will be admitted on a tentative basis until transcripts (CA60) of credits can be obtained from the previous school attended. An entrance exam may be administered and evaluated by the principal and the staff to determine grade level.
12. Trinity Lutheran School is not equipped to handle disciplinary cases or students with extreme learning disabilities or physical or medical limitations. Parents, who wish to enroll their children in Trinity for the sole purpose that they are not succeeding academically and/or behaviorally at their present school, are not encouraged to enroll. While we work through the Word of God, and while results have often approached the miraculous, we can give no assurance that there will be an improvement in either behavior or achievement simply as a result of attendance in a Lutheran School. Ultimately, the decision regarding enrollment lies with the principal.
13. All children enrolling in kindergarten (or in first grade, if they have not attended Trinity kindergarten) must present a health appraisal form showing the child to have received a medical examination. Forms for making such reports may be obtained from the school office or the County Health Department office.

Financial Support

The finances of Trinity Lutheran School are a large part of the congregational "Work Program" that is adopted each year in the April "**Voters Meeting**" of Trinity Lutheran Church. The accounting cycle is a fiscal year of July 1 through June 30. Each year a **Cost of Education** and **Cost per Student** is calculated. These are based on: teacher and other school staff salaries and benefits, building maintenance and improvements, utility costs, and consumable costs directly associated with the education of students. Families are required to pay tuition as an investment in the education of their children.

Trinity Lutheran Church has established tuition assistance programs for qualifying families. Applications and more information are available in the school office. Current tuition rates and payment options are available in the school office.

Member families are encouraged to continue to contribute to the support of the church through the regular church offerings.

Enrollment Incentive Program

School growth often comes through word of mouth via enthusiastic and satisfied families. In order to encourage these testimonials, Trinity Lutheran Church has established the following program as an incentive for our school families to actively recruit new families into our school setting. Beginning with the 2013-2014 school year any currently enrolled family attending Trinity Lutheran School is eligible to participate.

The definition of 'new' and 'sponsor' families shall be as follows:

New Families- Those families who are not currently enrolled at Trinity Lutheran School or Early Childhood Pre-Kindergarten or Preschool classes but will be registered and attending classes in the new school year.

Sponsor Families- those families who are currently enrolled at Trinity Lutheran School or Early Childhood Pre-Kindergarten or Preschool classes who have children that will be eligible for the Preschool through Grade 8 program in the next school year.

Program guidelines:

1. The 'new' family must designate on the school enrollment form the corresponding sponsor family.
2. Sponsor families who refer a new family to Preschool or Pre-Kindergarten will receive a \$50.00 tuition credit.
3. Sponsor families who refer a new family to Trinity Day School (Kindergarten through Grade 8) will receive a \$300.00 tuition credit.
4. The 'new' family must start the school year before any tuition credit will be given to the sponsor family.
5. The sponsoring family's tuition credit will be applied to their final tuition payment.

Monthly Calendar and Monday Notes

A school calendar will go home on the last Monday of each month. Each week teachers keep families informed of classroom activities and class events through their "Monday Notes". A "Principal Note" is published by the principal. These notes come home each Monday. Progress reports may be sent home with students in the upper grades.

School Delays and Cancellations

The announcement that school is delayed or cancelled due to weather or road conditions will be made on local radio, television stations and websites. A School Reach voice message will be sent to all families for delays and cancellations. **We follow the same procedures as Monroe Public Schools. As a general rule, if they are closed, so are we.**

Videotaping & Photography

From time to time throughout the school year, your child may have the opportunity to be photographed/videotaped for educational purposes such as "Student of the Week," classroom projects, DARE program, achievement awards, school pages on the internet, public relations projects, yearbook, etc. During school hours students are not to be video/photographed without consent of a Trinity Lutheran School official. Consent to Video Tape/Photography Forms will be available at registration.

ACADEMICS AND SCHOOL LIFE

Children's Worship Services

At 10:30 a.m. each Wednesday our students come together to worship. The pastors and teachers conduct these chapel services. These are not intended to replace the regular worship services, only to provide another opportunity for children to come to God's house where they may worship in song, prayer, and hear God's Word. Family and friends are invited to attend these services.

The offerings received at these children's worship services are sent to various missions as determined by the faculty in their August workshop. The month of February, we join with the other Lutheran schools of Michigan in "*Hearts for Jesus.*"

Teachers record the offerings of each child on the child's report card. These weekday worship service contributions should not be used to take the place of regular Sunday contributions needed to finance the church or school's annual Work Program.

Classroom Management

A dynamic partnership involving teachers, parents and students is essential for a successful academic experience. Cooperation and communication between school and home fosters an atmosphere of care and

concern. It is in situations involving conflict that will determine the strength of this relationship. There may be instances of disagreement, but our partnership in faith will keep us united.

An intentional plan for classroom discipline is an integral part of this partnership. Classroom procedures, which are clear and consistent with our philosophy of education, are communicated to parents and students by the teacher and posted in each classroom. Teachers have the responsibility and authority for maintaining discipline not only in their respective classrooms, but also on the playground or any area in which school activities are being conducted.

Curriculum

In keeping with the purpose of Trinity Lutheran School, the message of *Christ as our Savior* is the center upon which all instruction is based. Each classroom opens the day with a devotion, followed by instruction in Christian doctrine and Biblical study. In the lower grades, the religious instruction consists chiefly in learning Bible Stories together with their applications to life and the memorization of brief Bible selections and memory gems. In the middle and upper grades, the systematic study of Christian doctrine, as outlined in Luther's Small Catechism, is added

Pupils receive instruction in all the "secular" branches of learning required by the State of Michigan although there is no separation of subjects as to religious or secular. All subjects are taught in the light of God's revealed Word, the Holy Bible. Formal curricular subjects taught are Religion, Reading, Spelling, English, Literature, Mathematics, Social Studies (geography, civics, history, etc.), Science, Handwriting, Music, Art, Physical Education, Computer Education and Health, and the DARE Program. Our teaching staff has developed a comprehensive curriculum based on the State of Michigan standards as outlined by the Department of Education. Modern instructional methods and materials are available in each classroom giving pupils the best educational opportunities available. Additionally, pupils participate in learning the Spanish language.

Curriculum Evaluation and Textbook

Curricular areas for evaluation will be selected on a rotational/as needed basis- determined by the faculty and the administrator. A general survey of the present curriculum of the school and the current state standards will be reviewed. A curriculum plan, based on the above information will be written. A curriculum implementation process will include a review of the current text books and instructional materials. If indicated, then a purchase of new textbooks/instructional materials for the following school year. There is also a review of instructional practice as it pertains to the curriculum and provisions for staff development activities related to the new curriculum and instructional material as needed. For a list of textbooks used please see individual teachers.

Physical Education

A comprehensive program in physical education is planned to meet the needs of students. A complete program of physical education is planned for all Trinity students as a part of an all-around balanced education. This program is conducted in the gym and outdoors. Each child should have a pair of gym shoes. Each child will be required to participate in physical education unless a written excuse from the parents or doctor has been received.

***School Work Policy**

Homework is an essential part of the school program at Trinity Lutheran School. The quantity of the school work assignment will vary and relate to the content of classroom instruction and shall supplement its purpose and objective. We believe in supporting our students to succeed.

When assignments are made, it is the expectation that those assignments be turned in when they are due. Frequently, students are provided in class time to work on assignments so many students will not have excessive homework if they choose to use time wisely during the school day. Please have direct contact

with your child's teacher if your child regularly has more than one hour of homework each day.

Types of School Work

1. **Category One:** Assignments that are generally tests or quizzes. Assignments will be turned in on time and shall receive a grade of at least 50%.
2. **Category Two:** Assignments that are generally of the daily homework variety, including projects assigned by a teacher.

Late Work Penalties for grades 4-8

Students are required to turn assignments in on time. Students who turn in late assignments face the following penalties:

Category Two

1. Assignments will be reduced 10% of earned credit for each class day late, not to exceed a 50% penalty of earned credit.
2. If homework is not completed after one week, the parent will be notified and the student will spend lunch detention each school day until the homework is completed.
3. Homework will be accepted until two weeks after the original due date.
4. If work is not completed within two weeks there will be a meeting including the student, parent, teacher and principal.

Following an excused absence, all students are allowed two class periods to complete assigned work. This may be adjusted by the teacher according to special circumstances. Students are responsible to ask for the work they have missed or to comply with individual teacher expectations to collect work or get questions answered if they miss the initial instruction.

Cheating or plagiarism on any school work may receive a grade of 0%.

Report Cards and Consultations

Report cards are prepared at the end of each marking period as scheduled on the school calendar. In an effort to establish a closer relationship between the home and school, Parent/Teacher Consultations are scheduled one time a year.

Time will be allotted for parents of each child as a formal opportunity to discuss individual strengths and weaknesses on the basis of the teacher's observations, special testing programs, and samples of the child's work.

Parents are invited to contact the teachers at any other times during the year should there be any questions relative to their child's classroom work.

If during the school year problems arise academically, the following four progressive steps will be followed:

1. The teacher will work with the child on an individual basis to reach a solution to the problem.
2. The teacher will then contact the parent.
3. The teacher will ask the parents and the child to meet with him/her.
4. If resolution is not reached the teacher, the parents, and the principal will meet for a consultation.

Promotion & Retention

It is strongly recommended that families check their child's academic progress on Fast Direct. The school office will provide you information on your access code. Upon successful completion of the requirements at a given grade level and mastery of the skills to succeed in more difficult work, the student will be promoted. Every effort, including individual help in the classroom, frequent conferences with parents, special education assessment and assistance, will be made so that every child can be promoted. The final decision regarding grade placement will be made by the teacher(s), after meeting with the parents, providing proper documentation and consulting with the principal. Trinity Lutheran School also reserves the right to refuse re-enrollment of any child whose needs cannot be met.

Graduation

This is the celebration of successful completion of academic work. A student with an F average for the eighth grade year in any core subject will not be eligible to participate in graduation. The core subjects include Religion, Language Arts, Mathematics, Science and Social Studies. All financial obligations for the school year must be paid before participating in graduation.

Testing

Each year children are given a battery of standardized tests to help us evaluate our educational programs. We administer the Iowa Test of Basic Skills to each of the students in grades 3- 8. Results of these tests will be shared with the students' parents.

Library/Technology Resource Center

Our resource center is located on the second floor of the school. All children have various scheduled periods to visit and use the facilities. Our card catalog and circulation are computerized. Computer workstations with Internet capability are available for student use for the purpose of conducting research and using Accelerated Reader. Books are checked out for a period of two weeks. Should delinquency occur, a fine of **five cents per day** is imposed. Should a book be lost, parents will be billed the replacement cost. Students are monitored and security precautions are in place for use of the Internet. Parents and students are required to sign a 'Computer User Agreement and Parental Permission' form before using any school technology. Please refer to the ***Instructional Technology Acceptable Use Policy** in the policy section of this handbook.

Field Trips and Outings

Students may visit businesses, industrial plants, municipal buildings, museums, zoos and other places of interest to supplement the curriculum.

Written permission from parents is required for students making such trips. Consent slips are filed in the office at registration time. A child may not participate if permission is not on file in the School Office prior to the event.

Before the child may attend a school-sponsored field trip the Liability, Medical and Fermi Release Consent Form, signed by a parent or legal guardian, must be on file. These consent forms are made available at registration.

Chaperones who are at least 21 years of age and are willing and able to provide transportation for such trips are urged to do so. Drivers transporting students must have proof of a valid driver's license, auto insurance and provide a seatbelt for each passenger. Drivers must ensure that all laws are obeyed. Parents of students under 4'9" tall or younger than 8 years old must be prepared to provide an approved child safety seat. Chaperones will be required to complete a form showing compliance with the above which will be kept on file for the school year.

BEHAVIOR EXPECTATIONS AND DISCIPLINE

Obedience and Discipline

The root word of discipline is "disciple." In Christian discipline, the goal is to make a "disciple" through the proper application of Law and Gospel. Matthew 18 is a good reference for the application of Christian discipline.

Training toward self-discipline requires a great deal of effort and concentration. Because we are all sinful by nature, we are in need of God's love and forgiveness through repentance. Christian discipline when administered in a spirit of love has four parts.

- **Admonition**- through the proper use of God's Law the person is lead to see he/she has done wrong.
- **Repentance**- acknowledge that a wrong has been committed followed by a feeling of sorrow and regret for being disobedient.
- **Forgiveness**- the sharing of God's love in Jesus Christ and the reassurance God and man will continue to love and care for the individual.
- **New Life**- empowered by the Holy Spirit the person changes their behavior to avoid further occurrences of the same or other similar actions.

Teachers of Trinity Lutheran School are called to become a conveyor of God's love, patience, mercy, and concern. Sin is not balanced by "being good," but has its balance in faith and trust in a forgiving God. Of uppermost concern in Christian discipline is the growth of the child and the development of a relationship between teacher and pupil.

Attendance at Trinity Lutheran School is an honor and privilege. A student who attends, accepts the responsibility of behavior consistent with the philosophy and guidelines of the school. This includes respect in word and action for school staff, fellow students, parents, community, and church members at all times. Accomplishment of the above requires self-discipline and a balance of strength and patience.

Discipline

Christian discipline underlies the whole educational structure. It is the training that develops self-control, character, orderliness, and efficiency. It is the key to good conduct and proper consideration for other people. Good Christian discipline originates in the home and is continued at school.

A parent should:

1. Recognize that the teacher takes the place of the parent while your child is in school.
2. Teach your child God's Word.
3. Teach your child to respect the law and authority along with the rights of others.
4. Arrange for prompt and regular school attendance and comply with attendance rules and procedures.
5. Work with the school in carrying out recommendations made in the best interest of your child, including discipline.

Your interest and support at home are important to your child and greatly appreciated by the teachers.

Student School-Wide Rules

1. **Be Obedient**- follow directions the first time they are given
As part of the Christian life, students are to respect and obey their pastors, teachers, and other adults in positions of authority, such as custodians, kitchen personnel, office personnel, parent volunteers and others who may be in the school from time to time.
2. **Be Respectful** – respect the rights and property of others
 - a. Respond toward others in a positive manner as Christ would have you do. Unkind words, actions and inappropriate language will not be tolerated.
 - b. All children are deserving of a fair share of the teacher's time and have the

responsibility to eliminate behavior preventing other students from learning- such as excessive talking and disruptive behavior.

- c. Slang, street talk, cursing the name of the Lord, or openly abusive and derogatory language is unacceptable. Speech should “always be gracious” as Paul encouraged in Colossians 4:6.
- d. Students are to demonstrate proper care for each other’s personal study equipment, clothing and property.

3. Be Responsible –accept responsibility for grades and consequences

- a. Keep track of books and assignments
- b. Start work on time and allow enough time to finish
- c. Ask for help
- d. Do own work
- e. Turn in work on time

4. Be Safe – cooperate with my teachers and classmates

- a. An atmosphere of calm is essential to learning. The following will contribute to this atmosphere: quiet voices, careful handling of lockers, books and desks, and courtesy in traffic areas such as hallways.
- b. Students are deserving of a safe environment while on the school premises and must accept the responsibility to follow all specific area rules (classrooms, playground, lunch room, gym, etc.) necessary to achieve that goal.

Playground

- Use equipment properly and safely
 - Use slide sitting down and going down
 - Sit on teeter totters and swings
 - No climbing or hanging on the fence
 - No sand play
 - Preschool and Pre-Kindergarten children may not use the tire swing, sliding pole, and overhead silver or yellow rings. Only Kindergarten children and older may use the sliding pole and overhead rings.
- Do not throw ‘blue chips’, snowballs, rocks, or other harmful objects
- Students must be dressed appropriate for the weather, including hats and gloves in cold weather, boots must be worn in the snow

Lunchroom

- Students are to use good table manners and courtesy while eating lunches
- Students are to keep the lunch area clean and neat. Students who intentionally or accidentally make messes will clean up the messes they made
- Students may not give away or trade items from their lunches. Lunches purchased or prepared by parents are to be eaten by the specific student for which they were intended.
- Savings seats for others is not permissible
- Use hand sanitizer OR hand wipes after eating before leaving the cafeteria

Communication process for behavioral problems

1. When a student continues to misbehave, the teacher will contact the parents so they can cooperate in helping the child understand the problem and implement a plan for modifying the behavior.
2. The teacher may also ask the principal to assist in diagnosing problems and implementing a plan for modifying the student’s behavior.
3. When a student or parent has a concern about discipline, it must first be discussed with the teacher. If the problem is not resolved, the student or parent should present the concern to the principal.
4. When parents observe or hear about incidents at school that concern them, they should

immediately contact the teacher responsible for supervising the children. Seeking answers and solutions to such concerns will eliminate damaging accusations and hearsay.

Bicycles

Bicycles may be ridden to and from school but must be placed at the rear of the school. The school cannot assume responsibility for bicycles, therefore it is suggested that all bicycles be locked. No bicycle may be ridden on the premises at any time during school hours. Parents should discuss with their child the need for safety when riding bicycles.

Damages

Student textbooks, library books, school and church property, including furniture and equipment, must not be defaced, marred or damaged either willfully or through careless handling. When damage has occurred, the parents will be notified and required to reimburse the school for the loss or damages. Report cards and records may be withheld until payment is made.

Lockers

Lockers are provided to students to be used for books, backpacks or book bags, lunches and outerwear. The student is responsible for keeping the locker clean. Student lockers and desks are school property and remain at all times under the control of Trinity Lutheran School. Students are not to decorate their lockers with any inappropriate or damaging materials. Fees will be assessed for damage. Students should not expect privacy regarding items placed in lockers because they are subject to search by school officials at any time. If a student chooses to place a lock on their locker, it must be a combination lock and they must give the combination to the school office prior to use.

Lost and Found

In the event that a child finds a lost article, it should immediately be given to the teacher in an attempt to establish ownership within the room. If the item is not claimed, it should be turned in at the lost and found department in the school at the lower level of the east stairs. Items of value will be held in the School Office. Children must be responsible for their own belongings. Trinity Lutheran School is **NOT** responsible for articles lost or stolen.

Money and Other Valuables

All money being sent to school will have to be placed in a special envelope. These envelopes will be available in the school office or classrooms.

We discourage parents from allowing children to bring large amounts of money to school. **Valuable equipment such as radios, cell phones, computer games, etc. are discouraged from being brought unless there is a special reason for it and prior permission of the teacher and parent is granted.**

Nuisances

Items brought to school that hinders the educational process will be confiscated and returned at the discretion of the teacher. **Chewing gum is entirely banned from the school** as an unnecessary hindrance to proper maintenance of floors, furniture, books, and drinking fountains. Other food or snack items are not to be eaten during class time with exceptions being classroom parties and medical situations.

Telephone Use and Electronic Devices

Students will be allowed to use the School Office phone only if they are ill, have an accident and/or need to go home. Please refrain from using the phone to make arrangement for activities after school. This should be done ahead of time. Parents are encouraged to make plans with their children before the school day starts to limit the number of phone calls being made. Students who repeatedly ask to use the phone without valid reasons may be denied.

Students that bring personal communication devices or electronic entertainment devices, such as cell phones, iPods, etc., to school must have them turned off and stored in book bag or in locker. These devices are **not to be used** during school hours (defined as 7:40-2:45) unless a specified day is designated by the

school. Unauthorized use of devices used during school hours will result in the device being taken by the teacher to the school office where the student's parent will come to sign it out. A second offense result, the device will be surrendered to the school office for the duration of the school day for 14 days. A third offense will result in the device being held in the school office until the parent signs it out after paying a \$25 fee. Monies collected will go toward Chapel Offerings.

Weapon and Drug Free School

1. Students may not be in possession of any item that could be interpreted as a weapon. (See Safe Schools Legislation in the Policy section)
2. Students may not be in possession of prescription or over-the-counter drugs on school premises. (See Drug Free Workplace/School in the Policy section)

HOME EXPECTATIONS

Church

The home is and always will be the chief agency for the Christian training of the child. A Christian day school does not relieve parents of their God-given obligation. If the home and school are both Christ-centered, your child is receiving the best education he or she can receive anywhere. Remember, the home, the school and the church are in this together. This TOGETHERNESS is important.

In keeping with the program of religious training in the school all pupils are expected to attend Church with their parents. The examples set by parents in this regard will greatly enhance the teachings learned in school. Teach your child by leading him to sanctify the Holy day. Any families who have no church home are invited to worship at Trinity. Church attendance of the pupils are kept and recorded on the report cards.

Multiple worship services and Bible Studies are available each week. Please check the church website for specific days and times. There are other Bible Study opportunities during the week for adults and youth which are posted on Trinity Lutheran Church Calendar of Events sent home monthly and posted on the website and in the parish Lamplighter publication. An online Bible Study is also available.

School Attendance and Tardiness

Regular and punctual attendance is very important to the progress of the child and the maintenance of high standards in school. Children who are tardy by ½ hour or more will be considered absent for ½ day. Missing up to 3 hours is a ½ day absence. Missing 3 or more hours will be considered a full day absence. Students who miss a school day due to illness will not be allowed to participate in school activities on the day of the absence. Students must be present for an academic half-day (no later than 11:30 AM arrival) and making it through the rest of the day, to be eligible for extra-curricular activities- practice or play, on that day. Exceptions to this rule will be under the discretion of the principal and/or athletic director.

1. Student absences

All pupils are held to regular and punctual attendance in accordance with state laws. Absences must be excused orally or in writing by the parent on the first day of a child's return. A written excuse from your child's doctor will be required if your child is absent for 3 or more days.

As a safety procedure, parents should notify the School Office **between 7:30 and 8:30 a.m.** or notify the teacher in some way when a child will not be attending school. This is extremely important in case of a contagious disease, as this must be reported to the Monroe County Health Department. When an absence is not reported, the school office will make contact with the parent.

2. Student tardiness

Our school day begins at **8:00 a.m.** It is very important that students arrive prior to this time so that outerwear may be placed in lockers and students are ready for class. If a student is late, arriving after 8:00 a.m., the parent (adult) who brought the student to school shall come to the office with the student and sign them in.

3. Excess absences or tardies

- a. After 10 absences a special consultation with the parents and the teacher will be scheduled. Trinity reserves the right to review student enrollment and grade placement based on absences at any time. If a student reaches 20 absences during any school calendar year, their academic and attendance record will be reviewed by the administration of the school to determine the best course of action regarding grade placement for the following year and enrollment status.
- b. Six morning tardies per quarter will require a parent meeting with the principal.

4. Breaks/Family Vacations

Breaks are scheduled during the school year. The days of instruction are important for the education of your children. Families are highly encouraged to take vacations during the scheduled breaks on the school calendar. When families find it necessary to take vacations during school time, they should notify their child's teacher one week prior to the extended absence. Student work missed for this reason must be completed and turned in upon their return.

5. Students leaving the building

Under no circumstances may a student leave school without being signed out in the school office by a parent or a parent representative. Upon returning the student and parent or parent representative shall accompany the child to the school office, sign them in, and the child will then return to his/her class.

Animals

Special permission is needed for live animals to be in the school building and outside of vehicles in the parking lot, during school and child care hours. (6:45 am – 5:30 pm). Permission forms are available in the school office. You will find detailed specific information by reading the Live Animal/Pet Policy in the Policy section of this Handbook.

Boosters

Trinity Lutheran School parents become members of the Boosters when they enroll their children, although meetings are open to the entire congregation. The Boosters is not a policy making board. Its sole purpose is to foster a closer relationship between the home and school through topic discussions, various activities and service projects. All parents are invited and encouraged to attend each meeting and participate in activities.

Classroom Supplies

A list of classroom supplies will be mailed prior to registration and is available on the school website.

Concerns and Problems

Here at Trinity we are guided by Jesus' instructions to talk with people whom we have a concern. When there are concerns or disagreements between two or more people, the issue is best handled as Jesus taught in Matthew 18: 15 - 17. "If your brother sins against you, go and show him his fault, just between the two of you." Parents are to ALWAYS consult the teacher first when they wish to discuss an issue.

1. Without discussion with anyone else, speak to the person with whom the disagreement exists.
2. If agreement is not reached, take the matter to the adult in charge (could be a coach, sponsor, teacher, etc.).
3. If the issue cannot be resolved then parents may consult the principal who may arrange a meeting with the persons with whom the disagreement exist.
4. If the disagreement persists, you may ask the principal in writing to arrange a meeting with the

Administrative Pastor.

Christian love is the rule throughout, and all parties are expected to conduct themselves in a reasonable and Christian manner. No part of the problem should be made public or shared with another person who is not involved. When the process is completed, the matter should be dropped.

Fundraising

Trinity Lutheran School sponsors fundraising projects each year. Participation in these projects is purely voluntary; however, cooperation by parents is needed and valued, since it benefits the students of the school. Other fundraisers (i.e. Dining to Donate, Box Tops), may be used to support school activities. Individual classrooms may, with the permission of the Principal and following the designated fundraising procedures, hold a fundraising activity for a specific classroom activity. Fundraising forms are available in the school or church office.

Health Regulations

Each school year, parents are required to complete an updated emergency form that contains important health information, **including allergies**, in addition to other data. The school secretary must be informed of any change in information on emergency forms. Updated phone numbers and contacts are imperative. Parents are urged to notify the school of any significant change in health that occurs in a child.

Parents should keep children home when they show symptoms of illness. A child should be fever free for 24 hours without the use of medication before they return to school. If symptoms occur while in school, parents (or emergency contacts) will be called to arrange for the child to be taken home. In the event of an accident at school, every effort will be made to reach and notify the parent of the injured child. If medical attention is required and parents or other family cannot be reached, 911 may be called. (Information on the emergency forms will be used for these procedures.)

Communicable disease control is an integral part of school health service. The school follows current public health practices, rules and regulations governing the control and prevention of communicable disease that are set up by the State and County Health Departments.

ALLERGIES- All Trinity staff is notified of student allergies, including food allergies.

Medications

When medication must be administered to a student, proper instructions from a doctor and permission from a parent must be provided. A permission form, which is available in the School Office, must be completed and filed in the School Office. Medication will be held in and dispensed from the School Office. There is to be no medication of any kind kept in the classroom, in a student's locker or on his/her person. An exception to this would be the use of an inhaler and epi-pens, but in these cases notification must be in the School Office. All medication kept in the School Office will be returned to the parents the last week of school.

Service Hour Guidelines

Trinity School families are asked to contribute a minimum of 20 service hours for one child and a minimum of 30 hours for 2 or more children enrolled at Trinity Lutheran School. Families are not limited to their required amount of service hours and are encouraged to continue to share their treasures, talents, and time.

- Service Hours can be performed by immediate family members (Mother, Father, Grandparents, Legal Guardians, Siblings, and Students).
- Service hours are to be completed from **July 1 through June 30** of the current school year.
- Services hours are to be completed for a Trinity Lutheran Church or School program. Volunteers are encouraged to arrange hours that are convenient for their schedules. Trinity Lutheran Church & School has many volunteer opportunities available. For more information on available

volunteer opportunities see Monday Notes, Booster correspondence, Church Bulletin, and our website www.trinitylutheranmonroe.org. If you have any other questions simply ask your child's classroom teacher.

- Volunteers are to document Service Hours, preferably within 30 days of an activity, in the Service Hour Log Book that is kept in the school office. An individual Log page will be kept for each TLS family on file. Each entry must include: Trinity Family name, Date of Event, Volunteer's Name, Volunteer's Contact phone number, Volunteer's Relation to the Students, Activity/Event Name/location, Volunteer's initials, Start/End time with total hours. The log book will be monitored and families will be notified periodically of their progress.
- The parent or guardian will be assessed \$25.00 for each service hour that is not completed by **June 30**. The money collected by not completing service hours will be applied directly to the work program. Families with outstanding fees will not be able to register for the following school year until the balance is paid in full.
- While the intention of required service hours is to get families involved in Trinity Lutheran Church and School, we recognize that some family situations may make it difficult to fulfill the requirement. If you feel that special circumstances will keep you from completing your service hours, please contact the School Office by **May**.

Trinity parents, staff, and faculty constitute a community that God has placed here to guide and educate our children. He desires that all of us work together and support one another as we train up our children to be His servants. Safety information

1. FIRE/TORNADO

Fire and tornado drills are held periodically in accordance with regulations of the State of Michigan. We have consulted with the Monroe County Office of Civil Preparedness concerning the proper procedure during tornado warnings. They have thoroughly examined our buildings and have advised us to take our children into the church basement during an emergency. In case a tornado warning is issued near the end of a school day, the children will be kept at the school in safety until an "all clear" is sounded. The buses will arrive after the "all clear" sounds. This policy corresponds with Monroe Public Schools policy. A civil defense radio, located in the School Office, alerts us of impending weather conditions and emergency information. The Office of Civil Preparedness requests that the telephone be used only for emergencies during any alert or evacuation.

2. FERMI EMERGENCY

In the unlikely event of an emergency situation during school hours at the Fermi nuclear power plant, Trinity Lutheran School will follow instructions given by Monroe County Emergency personnel.

3. LOCKDOWN

For safety reasons, during lockdown, no individual may enter or exit the building until an all clear is given. The students will stay in the classroom they are in.

4. SECURE MODE

For safety reasons, during secure mode, no individual may enter or exit the building until an all clear is given. The students may move throughout the building but will not be allowed outside.

In spite of our best efforts to provide a wholesome educational environment and to establish regulations for Trinity Lutheran School computer use, please be aware that there may be occasions when your child can access some information you think is inappropriate for his/her viewing. Classroom teachers and aides will closely monitor student use to every extent possible. The Internet computer will allow students to access worldwide electronic information resources, which may not have been screened by educators, or may not be appropriate for use by students of all ages.

Computer Information System

1. STUDENT USE

Trinity Lutheran School has a system of classroom PC computers together with the PC lab that are networked through a server. Through this network **all** computers have the ability to access the Internet. This will allow opportunities for students and staff to communicate, learn, access, and publish information. We believe that the resources available through the Internet and the skills that students will develop in using it are of significant value in the learning process and to student success in the future. These opportunities also pose many challenges, including but not limited to access for all students, age level appropriateness of material, security and the cost of system maintenance. Trinity Lutheran School will endeavor to ensure that these concerns are appropriately addressed. In spite of our best efforts to provide a wholesome educational environment and to establish regulations for Trinity Lutheran School computer use, please be aware that there may be occasions when your child can access some information you think is inappropriate for his/her viewing. School technology is to be used for educational purposes only. This use should be viewed as a privilege with responsibility and may be revoked.

Trinity Lutheran School will provide training and procedures that encourage the widest possible access to electronic information systems and computers by students while establishing reasonable controls for the lawful, efficient and appropriate use and management of the system. This includes the freedom to change procedures when deemed necessary.

*** Bullying Prohibition Policy**

1. PURPOSE

A safe and civil environment is needed for students to learn and attain high academic standards and to promote healthy human relationships. Bullying, like other violent or disruptive behavior, is conduct that interferes with students' ability to learn and teachers' ability to educate students in a safe environment. Trinity Lutheran School cannot monitor the activities of students at all times and eliminate all incidents of bullying between students, particularly when students are not under the direct supervision of school personnel. However, to the extent such conduct affects the educational environment of the school and the rights and welfare of its students and is within the control of the school in its normal operations, it is the school's intent to prevent bullying and to take action to investigate, respond, remediate, and discipline those acts of bullying which have not been successfully prevented. The purpose of this policy is to assist the school in its goal of preventing and responding to acts of bullying, intimidation, violence, and other similar disruptive behavior.

2. GENERAL STATEMENT OF POLICY

- A. An act of bullying, by either an individual student or a group of students, is expressly prohibited on school property or at school-related functions. This policy applies not only to students who directly engage in an act of bullying but also to students who, by their indirect behavior, condone or support another student's act of bullying. This policy also applies to any student whose conduct at any time or in any place constitutes bullying that interferes with or obstructs the mission or operations of the school or the safety or welfare of the student, other students, or employees. The misuse of technology including, but not limited to, teasing, intimidating, defaming, threatening or terrorizing another student, teacher, administrator, volunteer, contractor, or other employee in the school by sending or posting e-mail messages, instant messages, text messages, digital pictures or images, or web site postings, including blogs, also may constitute an act of bullying regardless of whether such acts are committed on or off school property and/or with or without the use of school resources.
- B. No teacher, administrator, volunteer, contractor, or other employee of the school shall permit, condone, or tolerate bullying.
- C. Apparent permission or consent by a student being bullied does not lessen the prohibitions contained in this policy.
- D. Retaliation against a victim, good faith reporter, or a witness of bullying is prohibited.
- E. False accusations or reports of bullying against another student are prohibited.
- F. A person who engages in an act of bullying, reprisal, or false reporting of bullying or permits, condones, or tolerates bullying shall be subject to discipline for that act in accordance with school policies and procedures. The school may take into account the following factors:
 - 1) the developmental and maturity levels of the parties involved;
 - 2) the levels of harm, surrounding circumstances, and nature of the behavior;
 - 3) past incidences or past or continuing patterns of behavior;
 - 4) the relationship between the parties involved;
 - 5) the context in which the alleged incidents occurred.

Consequences for students who commit prohibited acts of bullying may range from positive behavioral interventions up to and including suspension and/or expulsion. Consequences for employees who permit, condone, or tolerate bullying or engage in an act of reprisal or intentional false reporting of bullying may result in disciplinary action up to and including termination or discharge. Consequences for

other individuals engaging in prohibited acts of bullying may include, but not be limited to, exclusion from school property and events and/or termination of services and/or contracts.

- G. The school will investigate all complaints of bullying and will discipline or take appropriate action against any student, teacher, administrator, volunteer, contractor, or other employee of the school who is found to have violated this policy.

3. DEFINITIONS

For purposes of this policy, the definitions included in this section apply.

- A. Bullying is aggressive behavior that is intentional (not accidental or done in fun) and that involves an imbalance of power or strength. Often, bullying is repeated over time. Bullying can take many forms, such as: hitting or punching, teasing or name-calling, intimidation through gestures, social exclusion, and sending insulting messages or pictures by mobile phone or using the Internet (also known as cyberbullying). "Bullying" means any written or verbal expression, physical act or gesture, or pattern thereof, by a student that is intended to cause or is perceived as causing distress to one or more students and which substantially interferes with another student or students' educational benefits, opportunities, or performance. Bullying includes, but is not limited to, conduct by a student against another student that creates an imbalance of power and under the circumstances a reasonable person knows or should know has the effect of:
 - i. harming a student;
 - ii. damaging a student's property;
 - iii. placing a student in reasonable fear of harm to his or her person or property;
 - iv. creating a hostile educational environment for a student.
- B. "Immediately" means as soon as possible but no longer than 24 hours.
- C. "On school property or at a school-related function" means all school buildings, school grounds, and school property or property immediately adjacent to school grounds, school bus stops, school buses, school vehicles, or any other vehicles approved for school purposes, the area of entrance or departure from school grounds, premises, or events, and all school-related functions, school-sponsored activities, events, or trips. School property also may mean a student's walking route to or from school for purposes of attending school or school-related functions, activities, or events. While prohibiting bullying at these locations and events, the school does not represent that it will provide supervision or assume liability at these locations and events.

4. REPORTING PROCEDURES

- A. Any person who believes he or she has been the victim of bullying or any person with knowledge or belief of conduct that may constitute bullying shall report the alleged acts immediately to an appropriate school official designated by this policy. A student may report bullying anonymously. However, the school's ability to take action against an alleged perpetrator based solely on an anonymous report may be limited.
- B. The school encourages the reporting party or complainant to use the report form available from the principal or the School Office, but oral reports shall be considered complaints as well.
- C. The principal or the principal's designee is the person responsible for receiving reports of bullying. Any person may report bullying directly to the principal.
- D. A teacher, school administrator, volunteer, contractor, or other school employee shall be particularly alert to possible situations, circumstances, or events that might include bullying. Any such person who

receives a report of, observes, or has other knowledge or belief of conduct that may constitute bullying shall inform the principal immediately.

- E. Reports of bullying are classified as private educational and/or personnel data and/or confidential investigative data and will not be disclosed except as permitted by law.
- F. Submission of a good faith complaint or report of bullying will not affect the complainant's or reporter's future employment, grades, or work assignments, or educational or work environment.
- G. The school will respect the privacy of the complainant(s), the individual(s) against whom the complaint is filed, and the witnesses as much as possible, consistent with the school's obligation to investigate, take appropriate action, and comply with any legal disclosure obligations.

5. SCHOOL ACTION

- A. Upon receipt of a complaint or report of bullying, the school shall undertake or authorize an investigation by school officials or a third party designated by the school.
- B. The school may take immediate steps, at its discretion, to protect the complainant, reporter, students, or others pending completion of an investigation of bullying, consistent with applicable law.
- C. Upon completion of the investigation, the school will take appropriate action. Such action may include, but is not limited to, warning, suspension, exclusion, expulsion, remediation, termination, or discharge. Disciplinary consequences will be sufficiently severe to try to deter violations and to appropriately discipline prohibited behavior.
- D. The school is not authorized to disclose to a victim private educational or personnel data regarding an alleged perpetrator who is a student or employee of the school. School officials will notify the parent(s) or guardian(s) of students involved in a bullying incident and the remedial action taken, to the extent permitted by law, based on a confirmed report.

6. REPRISAL

The school will discipline or take appropriate action against any student, teacher, administrator, volunteer, contractor, or other employee of the school who retaliates against any person who makes a good faith report of alleged bullying or against any person who testifies, assists, or participates in an investigation, or against any person who testifies, assists, or participates in a proceeding or hearing relating to such bullying. Retaliation includes, but is not limited to, any form of intimidation, harassment, or intentional disparate treatment.

7. TRAINING AND EDUCATION

- A. The school will provide information and any applicable training to school staff regarding this policy.
- B. The school will provide education and information to students regarding bullying, including information regarding this school policy prohibiting bullying, the harmful effects of bullying, and other applicable initiatives to prevent bullying.
- C. The administration of the school may implement programs and other initiatives to prevent bullying, to respond to bullying in a manner that does not stigmatize the victim, and to make resources or referrals to resources available to victims of bullying.
- D. The school may implement violence prevention and character development education programs to prevent and reduce policy violations. Such programs may offer instruction on character education including, but not limited to, character qualities such as attentiveness, truthfulness, respect for authority,

diligence, gratefulness, self-discipline, patience, forgiveness, respect for others, peacemaking and resourcefulness.

8. NOTICE

The school will give annual notice of this policy to students, parents or guardians, and staff, and this policy shall appear in the handbook.

***Code of Conduct – Due Process Policy**

Trinity Lutheran School systematically protects the legal rights of children and follows Due Process in the supervision of its children. The following is Trinity's Due Process Policy Statement.

As a Christian school we believe that student conduct should conform to principles set forth in the Gospels. Justice, mutual respect and concern for one another are to be fostered among the student body. Kindness will be measured out along with firmness.

Students at Trinity are granted DUE PROCESS of law in any action by school officials, which may result in serious disciplinary punishment. Trinity has a listing of school rules that apply to all students. They relate reasonably to the affected students, for which discipline may be warranted. These are given to all parents upon the enrollment of their child, and it is the parents' responsibility to discuss these rules with the student before the school year begins. Those rules are to be found in this handbook. When these rules are not followed, the following procedures are used to assure students receive Due Process.

Minor misconduct, which does not call for serious discipline, is not serious enough to require a set procedure, and therefore, summary discipline is allowed. For the more serious offenses, the following procedures will be followed:

The following "due process" steps are the same for all students at Trinity Lutheran School regardless of age and/or grade level.

Step 1 Student/Teacher - Verbal Warning

Step 2 Parent/Teacher Conference – Written and/or Verbal Warning

Step 3 Parent/Student/Teacher/Principal Conference with possible disciplinary action being discussed and implemented.

Step 4 One-day suspension*

Step 5 Three-day suspension*

Step 6 Five-day suspension*

Step 7 Ten-day suspension*

Step 8 Long-term suspension and/or recommendation for expulsion*

Step 9 Recommendation for expulsion (based on Gun-Free School Act and Michigan Weapon Free School Act, Arson and/or Criminal Sexual Conduct)

Waiver: Depending on the severity of the infraction, administration retains the right to proceed immediately to more serious consequences, including out-of-school suspension and/or referral to legal authorities.

(*Days of suspension are school days, not calendar days.)

Trinity Lutheran School reserves the right to move to the most severe disciplinary action when circumstances warrant. The rules and policies apply to any student who is on school property or school-affiliated transportation, who is in attendance at school or any school-sponsored activity, or whose conduct at any place or time creates a substantial disruption to the operations, discipline, or general welfare of the school, regardless of location, date, or time.

Physical and Verbal Assaults – Safe Schools Legislation

In 1999 the State of Michigan passed and signed into law, Sec. 1310 of PA 451, which requires the school district to suspend or expel a student enrolled in grade six or above for committing a physical assault for up to 180 school days.

The laws are as follows:

Physical Assault – Part 1 – PA 104 of 1999 creates Section 1311a of the Revised School Code, adding “physical assaults” upon school employees, volunteers, or contractors to the categories of misconduct for which a Michigan public school student must be expelled. Similar to the mandatory expulsion for dangerous weapons, criminal sexual conduct (“CSC”) and arson, any student in grade 6 or above who physically assaults a school employee, volunteer, or contractor shall be suspended or expelled for up to 180 days. This also includes threats of destruction to school property.

Physical Assault – Part 2 – PA 102 of 1999 adds Section 1310A to the Revised School Code. The mandatory expulsion provision applies to a physical assault upon another student, which occurs on school property, at any school-sponsored activity or on any school vehicle, the administration must report those assaults to the school board. If student in grade 6 or above commits a physical assault against another

student and the assault is reported to the administration or the board, the school board shall expel the student for up to 180 days. This also includes threats of destruction to school property.

Verbal Assault – Part 2 – PA 104 Section 131a also mandates expulsion for up to 180 school days of any student in grade 6 or above commits a verbal assault. “Verbal Assault” is any intentional threat or offer to do bodily injury to another by force, under circumstances, which create a well-founded fear of actual harm, coupled with the apparent ability to carry out the act if not prevented.

Weapons- Students who knowingly bring any firearms, knives with blades (3) inches in length, pocket knives opened by a mechanical device, explosive devices, etc. will be expelled a minimum of 180 days. Knowingly possess, use or threaten to use any weapon or instrument capable of doing harm will result in immediate suspension/expulsion. Students are prohibited from bringing to school any item, which could be used to injure someone. This includes, but is not limited to firearms, knives, cutting devices of any kind, chains, spiked jewelry, clubs, etc.

Use, possession, sale, distribution of materials related to drugs or alcohol are completely prohibited. Any of the above will fall under the substance abuse policy and students will be dealt with accordingly.

Possessing or using tobacco or tobacco related materials would result in a minimum one-day suspension.

Police referrals will be made in accordance with State law. Other referrals to police may be made at the discretion of the principal. Parent(s) will be informed of all police referrals.

*** Student Search Policy**

1. DEFINITIONS

A. "Reasonable suspicion" means sufficient knowledge possessed by the school official at the time the official makes or authorizes the search which would lead a reasonable person to believe that a search of a particular student or place will likely turn up evidence of a violation of law, school policy, or school rule. The official's knowledge may be based upon relevant past experience of the official, observation by the official and/or credible information from another person.

- i. "Past experience" may provide the school official with information relevant to the violation as well as information which enables the official to evaluate the credibility of information from another person.
- ii. "Credible information from another person" may include information which the school official reasonably believes to be true provided by another school employee, a student, a law enforcement or other government official or some other person.

B. "Reasonable in scope" means that the manner and extent of the search are reasonably related to the objectives of the search, limited to the particular student or students most likely to be involved in the infraction and not excessively intrusive in light of the students most likely to be involved in the infraction and not excessively intrusive in light of the student's age, sex, maturity and the nature of the infraction.

2. ROUTINE INSPECTION OF PROPERTY ASSIGNED TO STUDENTS

- A. Lockers, desks and other storage areas provided by the school and assigned to a particular student(s) are the property of the school, remain in the possession of the school and are under the control of the principal.
- B. Students may use school-owned storage areas for the limited purpose of temporarily keeping items needed for attendance and participation in school instructional and activity programs only. No other purpose is permitted.
- C. Students shall be provided notification that school-owned storage areas assigned to students are subject to routine inspection without prior notice for the following reasons:
 - i. Ensure that no item which is prohibited on school premises is present;
 - ii. Ensure maintenance of proper sanitation;
 - iii. Ensure mechanical condition and safety;
 - iv. Reclaim overdue library books, texts or other instructional materials, property or equipment belonging to the school.

3. VOLUNTARY CONSENT

When a school official has reasonable suspicion to believe that evidence of a violation of law, school policy, administrative regulation or school rule is present in a particular school-owned storage area assigned to a student, or the clothing or the personal property of a student, the official has the option of making a search by asking the student to voluntarily provide the article or articles sought. The school official shall, if the student does not voluntarily provide the article or articles sought, ask for the student's voluntary consent by requesting the student to empty the contents of the storage area, clothing or personal property. If the student refuses to consent, the official shall then contact the student's parents to advise of the need to search the student, and seek consent from the parents. If the parents refuse to consent, the official shall, after consultation with the principal, contact law enforcement officials to assist with the search, if such contact is deemed appropriate. Any search conducted by a school official must utilize the least intrusive search methods available, taking into account student and staff safety. (Student search form available)

4. EMERGENCY/DANGEROUS CIRCUMSTANCE

- A. Where a school official has knowledge which would lead a reasonable person to believe that either an emergency or dangerous circumstance exists and that is necessary to act to protect the safety of any person or property, the official may make a search to the extent necessary to relieve the emergency or dangerous circumstance.
- B. In responding to such an emergency or dangerous circumstance, the actions of the official shall be reasonably effective and no more intrusive than necessary.

5. SEARCH FOR EVIDENCE OF A VIOLATION

- A. A search may be conducted of an individual student, a school-owned storage area assigned to a student or the personal property of a student. Personal property of a student includes, but is not limited to, wallets, purses, lunch boxes/sacks, book bag, backpack or other containers used to carry belongings.
- B. All searches shall be based on reasonable suspicion and shall be reasonable in scope. A "strip search," requiring a student to remove clothing down to the student's underwear or including underwear is prohibited.
- C. Searches will generally be conducted by a principal. In certain circumstances the principal or school personnel may be assisted by a law enforcement official(s).
- D. The student will generally be permitted to be present during a search of a school-owned storage area assigned to the student or during a search of the student's personal property. The student's presence is not required, however.
- E. Search of a student's clothing will be limited to the student's "outer clothing" only. "Outer clothing" means the student's coat, jacket or other such outerwear garments worn by a student. A search of the clothing may include the search of a container inside the clothing, provided that the container is of a size and shape to hold the object of the search.

- F. Searches of a student's outer clothing will be conducted by a school official of the same sex as the student.
- G. Searches will be conducted in privacy, out of the view of other students, staff and others and in the presence of an adult witness of the same sex as the student.
- H. Any item removed from the student as a result of the above procedures which is not evidence of a violation of a law, policy, administrative regulation or school rule may be returned to the student, as appropriate.

6. DISCIPLINE

- A. Possession or use of unauthorized, illegal, unhealthy or unsafe materials will result in the following:
 - i. Seizure of the material:
 - a) Property, the possession of which is a violation of law, policy, administrative regulation or school rule, will be returned to the parent or, if also a violation of law, turned over to law enforcement officials;
 - b) Stolen property will be returned to its rightful owner;
 - c) Unclaimed property may be disposed.
- B. Discipline up to and including expulsion and notification of law enforcement officials as appropriate or as otherwise required by law or policy will be administered.

7. DOCUMENTATION

- A. Building administrators shall document all searches.
- B. Documentation shall consist of the following:
 - i. Name, age and sex of student;
 - ii. Time and location of search;
 - iii. Justification for search and nature of the reasonable suspicion;
 - iv. Type/scope of search (what was searched);
 - v. Results of search, prohibited material(s) found, disposition of the material(s) seized and discipline imposed;
 - vi. Name of the witness to the search;
 - vii. Name of the school official.
- C. Documentation will be maintained as a part of the school's discipline records

8. NOTICE

- A. Notice of the school policy and pertinent provisions of this regulation will be provided to staff, students and their parent(s) annually, through such means as staff and student/parent handbooks.

***Corporal Punishment**

School policy defines corporal punishment as the deliberate infliction of physical pain by hitting, paddling, spanking, slapping, or any other physical force used as means of discipline. School personnel shall not threaten to inflict, inflict, or cause to be inflicted corporal punishment on any student.

In accordance with State law, corporal punishment shall not be permitted. If any staff member, full-time, part-time, or substitute deliberately inflicts, or causes to be inflicted, physical pain by hitting, paddling, spanking, slapping, or makes use of any other kind of physical force as a means of disciplining a student, she/he may be subject to discipline and possibly criminal assault charges as well. This prohibition applies as well to volunteers and those with whom Trinity contracts for services.

While recognizing that students may require disciplinary action in various forms, Trinity Lutheran School cannot condone the use of unreasonable force and fear as an appropriate procedure in student discipline.

Professional staff should not find it necessary to resort to physical force or violence to compel obedience. If all other means fail, staff members may always resort to the removal of the student from the classroom or school through suspension or expulsion procedures.

Professional staff as well as support staff, within the scope of their employment, may use and apply reasonable force and restraint to:

1. remove a student who refuses to comply with a request to behave or report to the office;
2. quell a disturbance threatening physical injury to self or others;
3. obtain possession of weapons or other dangerous objects upon or within the control of the student, in self-defense, or for the protection of persons or property.

Staff members shall not:

1. hit, strike, grab, punch, or inflict other bodily pain on a student;
2. restrict a student's movement by binding or tying him/her, unless specified in an I.E.P.;
3. deprive a student of meals, snack, rest, or necessary toilet use;
4. confine a student in an enclosed area such as a closet; locked room, box, or similar cubicle;
5. cause any of the above to occur.

ALTERNATIVES TO CORPORAL PUNISHMENT

Staff may, however, provide for a "time-out" area as a disciplinary procedure.

The following alternatives to the use of corporal punishment are recommended. As formerly with corporal punishment, these alternatives should also be viewed as a last resort options when well-executed school and classroom management practices have not been effective. The teacher has the authority to:

1. deny participation in special school and/or non-curricular-related activities;
2. confer with parents on sanctions which will be established both at school and at home or contractual agreements whereby the student commits to self-controlling behavior;
3. refer the student to a social worker, psychologist, and/or clinical specialists;
4. coordinate with social-service agencies such as Public Health, Social Services, Mental Health, etc., and/or with private institutions or agencies offering related appropriate services, providing there is no cost to the school.

It is essential that any of the above alternatives that involve disciplinary actions be conducted in accordance with due process.

USE OF PHYSICAL FORCE

School personnel may, however, use reasonable physical force upon a student necessary to maintain a safe learning environment. They may also use reasonable physical force upon a student necessary to protect:

1. a staff member's personal safety;
2. the safety of another staff member or visitor;

3. the safety of the student or other students;
4. school property from damage or destruction;
5. themselves and others from danger arising from a dangerous weapon or object, which is in the possession of or control of a student.

Disciplinary action may include, but need not be limited to, suspension or termination of Trinity staff or volunteer; and suspension or expulsion of Trinity students, as deemed appropriate by Trinity Lutheran Church and School.
- B. Sexual harassment is illegal in many circumstances under both state and federal law, and violations of this policy may be reported to the appropriate civil or criminal authorities for prosecution of offenders.

Trinity Lutheran School Wellness Policy

Trinity Lutheran School believes that by the grace of God, we serve our Lord in promoting spiritual, emotional, academic, social, and physical growth. Children and youth who begin each day as healthy individuals can learn more and better utilize their God-given talents and abilities. To that end, this policy encourages the wellness of all students and staff at Trinity Lutheran School.

Goals for Wellness, Nutrition Education, Physical Activity and School-Based Activities

- Students are constantly reminded that they are special creations of a great and loving God. He cares for them, as do the teachers and staff. This provides a strong base for the emotional and spiritual wellness of students.
- Students in all grades are educated in good nutrition practices as part of each classroom's science and health curriculum.
- The message of making healthy choices is consistent throughout the school, classrooms, lunchroom and other areas where the message can be presented.
- Students are given opportunities for physical activity each school day through physical education classes, recess periods, and athletics. Efforts are made to have all children play outside at least once a day.
- The school encourages parents and guardians to support their child's participation in physical activities.
- The school maintains the lunch area to insure that it is clean, safe, and provides an enjoyable meal environment.
- The school administrator arranges a lunch schedule that provides adequate time for serving meals, for students to eat, and for cleanup following the meal.

- Drinking fountains are available in the school building, and students are encouraged to drink water throughout the day.

NUTRITION GUIDELINES - For All Foods Available on School Campus

- All school meals served by Trinity Lutheran School meet the guidelines of the Child Nutrition Act and the state of Michigan nutrition guidelines.
- A system is in place so that students entitled to free or reduced lunches are served and treated the same as all lunch program users. No child is refused lunch due to the lack of ability of parents to pay for it.
- Food service personnel take all required classes on the subjects of nutrition, health, and safety.
- The school kitchen is inspected by a public health inspector according to city guidelines.
- Appropriate measures will be taken to protect students with food allergies.
- Students are not allowed access to vending machines during the school day. In addition, carbonated beverages are discouraged at snack or lunch time. Caffeinated items should be minimized.
- In an attempt to limit the number of high calorie, low-nutrition foods, parents are encouraged to provide healthy snack and sack lunch choices.
- We will consider nutrient density and portion size before permitting food and beverages to be sold or served to students.
- In order to develop a healthy taste for a variety of foods, all students are strongly encouraged to take a courtesy bite of all foods served on their tray during lunch.

IMPLEMENTATION

- The wellness policy will be implemented at Trinity Lutheran School by the school staff.
- Teachers are responsible for operating the policy and reporting any problems to the principal.
- Faculty and staff will be reminded that healthy students come in all shapes and sizes. Students should receive consistent messages and support for:
